

Shopping Guidelines

To keep you and our staff safe, the following safety precautions must be followed while shopping at the Thrift Shop:

• **ALL CUSTOMERS MUST WEAR MASKS**

- In order to comply with state, local, and Beverly Bootstraps guidelines, customers are allowed in the Thrift Shop in a limited capacity. No more than 50 customers are allowed at any given time.
- Upon entry, customers are asked to use the hand-sanitizing dispenser set up at the shop entrance. Other hand-sanitizing dispensers are available throughout the shop for customer use.
- Customers should follow the traffic flow set up inside the shop to allow for six-foot distancing.
- Reusable bags are allowed; however, customers using them are asked to bag their own purchases. Wrapping materials are available at the register.
- Shopping carts are available. Thrift Shop Staff will disinfect carts on a regular basis.
- Dressing rooms will be closed until further notice.
- Trying on jewelry (particularly earrings) is prohibited.
- Clear vinyl curtains and plexiglass barriers have been installed at the jewelry cases and registers to protect both customers and staff.
- Prior to lining up for the register, customers are asked to remove clothing from hangers and place them on designated racks. All hangers will be disinfected for future use.
- Registers will be cordoned off and clearly labeled, allowing for six feet between customers in line. A manager will direct customers to the next available register.
- Our goal is to keep everyone safe while working and shopping. We ask that you also help keep your self and others safe, by adhering to the safety guidelines above and keeping appropriate distancing in mind. Thank you!
